

SITORA EVERMAN

Full Stack Developer · React · Next.js · TypeScript · Node.js

New York, NY · sittora@gmail.com · [linkedin.com/in/sitora-everman](https://www.linkedin.com/in/sitora-everman) · github.com/sittora · sitoraeverman.com

SUMMARY

Full Stack Developer who designs, builds, and ships production web applications end to end with React, Next.js, TypeScript, and Node.js, including a mental health platform with role-based portals and integrated online payments. Owns features from Figma design through REST APIs, authentication, and CI/CD to deployment; builds at high velocity with AI-assisted tools (Claude Code, Cursor) and is currently developing an LLM-integrated wellness app.

TECHNICAL SKILLS

Languages: TypeScript, JavaScript, Ruby, SQL, HTML, CSS, Markdown; working knowledge of Python

Frameworks & Libraries: React, Next.js, Node.js, Express, Ruby on Rails, Redux, Tailwind CSS, Chakra UI, NextAuth, Vite

Databases: MongoDB, PostgreSQL, Firebase, SQL

Tools & Platforms: Git, GitHub, CI/CD pipelines, Vercel, Netlify, Heroku, Figma, Jira, Postman, Claude Code, Cursor

Concepts: REST APIs, JWT, OAuth, payment integration, code reviews, Agile/Scrum, AI-assisted development, LLM APIs

PROJECTS

ClearMind — Mental Health Platform

Sep 2025 – Apr 2026

React · Vite · Node.js · Express · MongoDB · JWT · Razorpay

- Co-built a full-stack mental health platform connecting patients with licensed psychologists through an adaptive intake questionnaire, psychologist directory, and appointment booking.
- Built backend REST APIs (Node.js, Express, MongoDB) and the React/Vite frontend across patient, therapist, and admin portals, with separate JWT-authenticated logins and isolated access levels so therapists and admins independently manage appointments and clients.
- Integrated Razorpay online payments for appointment booking.
- Led UI/UX design in Figma; set up CI/CD and owned end-to-end production deployment.

LLM-Integrated Wellness App (in development)

2026 – Present

Full-stack personal project

- Building a full-stack journaling app applying analytical psychology, with LLM-powered insight features.

Luminaria — Library Management App

Jan 2025 – Feb 2025

Next.js · TypeScript · MongoDB · Tailwind CSS · NextAuth · Vercel

- Led UI/UX design in Figma and built core features: book search, rating system, and personalized reading lists.
- Integrated the Open Library API for real-time book data and configured OAuth (GitHub + Google) via NextAuth.
- Managed CI/CD pipelines and end-to-end deployment on Vercel within an Agile team running daily stand-ups.

Booktown — E-Commerce Bookstore

Jan 2023 – Feb 2023

React · Redux · Chakra UI · Firebase · Netlify

- Built a responsive React/Chakra UI frontend with Redux state management, integrating the Open Library API and Firebase for authentication and real-time storage.
- Delivered an MVP in an Agile Scrum team with regular code reviews and pair programming.

Additional Projects — Ruebric, Flikipedia

2021

- Built two React + Ruby on Rails apps: Ruebric (Rails backend with data modeling, Google Places API frontend) and Flikipedia (MovieDB API integration with React Hooks for real-time film data).

PROFESSIONAL EXPERIENCE

Inside Sales Representative — NedGraphics

May 2018 – Feb 2019

- Translated client technical requirements into product specifications, bridging stakeholders and engineering teams.
- Coordinated cross-functional teams on technical solutions, reducing project delays and improving client satisfaction.

Real Estate Intern — Berko & Associates

Sep 2017 – Dec 2017

- Built a property digest system using SQL, improving digital asset management efficiency for the sales team.

Business Developer Intern — Tungsten Partners

Jan 2017 – Sep 2017

- Executed end-to-end project delivery using Agile methodologies and produced client-facing presentations.

EDUCATION & COMMUNITY

Flatiron School — Full Stack Web Development

2021

Berkeley College — B.B.A., International Business · GPA 3.7 · Dean's & President's Honors Lists

2014 – 2017

Spoken Languages: English, Russian, Uzbek · **Community:** Lead a weekly Jungian psychology reading group (3+ years).
